SUMMARY

Software Developer with ~1 year of hands-on experience in developing web applications, RESTful APIs, and backend systems using **Node.js, Express.js, React.js, MySQL, and JavaScript**. Skilled in building responsive user interfaces, developing scalable backend services, database integration, authentication, and role-based access control. Experienced in **API development, debugging, testing, Git/GitHub, and software development practices**, with a strong understanding of developing and maintaining reliable applications. A motivated and adaptable developer focused on writing clean, maintainable code and delivering efficient, practical software solutions.

PROFESSIONAL EXPERIENCE

Software Developer
Feb 2026 - Present

Aarnix Tech Innovation PVT. Ltd.

- Developed and maintained backend services for a **B2B e-commerce platform**, supporting bulk product uploads, product management, and large-scale purchasing workflows between business clients.
- Integrated and managed **payment gateway and subscription workflows**, including plan creation, renewals, expiry, cancellation, auto-pay, and configurable add-on plans.
- Designed and implemented **Role-Based Access Control (RBAC)** with granular permissions across users, modules, products, orders, and payment-related operations.
- Optimized backend APIs and database operations to efficiently handle **bulk product uploads and high-volume business data**, ensuring reliable and scalable application performance.

Software Developer - Intern
Jan 2024 - June 2024

Full Stack Guru Pvt. Ltd.

- Built and delivered **12+ responsive, cross-browser web pages** using **React.js, JavaScript, HTML5, CSS3, and Tailwind CSS** within Agile sprint cycles.Delivered UI enhancements that reduced page load time by ~30% and improved user engagement across the platform
- Integrated **RESTful APIs** with React.js applications, implemented reusable UI components, managed application state, and ensured seamless frontend-backend data communication.
- Optimized frontend performance and UI implementation, contributing to approximately **30% reduction in page load time** and improved user experience and engagement across the platform.

TECHNICAL SKILLS

Languages:	JavaScript TypeScript Python SQL

Backend & APIs: Node.js Express.js REST APIs Microservices

Frontend: React.js Vue.js HTML5 CSS3

Databases: MongoDB MySQL PostgreSQL

AI & LLM: Claude Code Claude AI OpenAI GPT-4o

Tools & Practices: Git GitHub Postman DSA

EDUCATION

Master of Computer Applications (MCA) — Sant Gadge Baba Amravati University, Amravati, Maharashtra
Nov 2022 – Jun 2024 | ***7.8 CGPA***

Bachelor of Computer Applications (BCA) — Sant Gadge Baba Amravati University, Amravati, Maharashtra
Jun 2017 – Jun 2020 | ***70%***

CERTIFICATIONS

Web Development - Bharat Intern (2023)
